OLD VETS IN LINE!

A Brilliant Parade at Milwaukee—Sherman, the Hero of the Men, But Tanner Received With Frigid Silence.

MILWAUKEE, Wis,, Aug. 27.—General W. T. Sherman sat for over three hours to-day in the blazing sun on the reviewing stand in Washington Square, while the boys in blue filed by. The annual parade of the Grand Army was a brilliant success, and it was rendered doubly interesting from the fact that it may be the last that "Old Tecumseh" will witness. It was the hottest day of the year, and the sun beat down with remorseless fury, but the veterans turned out, and the line of march, a distance of two-and-a half miles, was packed with spectators.

Nearly 30,000 of the spectators had arrived since sun-down of yesterday. Mrs. Logan, escorted by Major Veasey, of Vermont, and Mrs. Alger and daughter, occupied the front seats of the reviewing stand, and the widow of the ex-senator and general, was accorded an enthusiastic greeting by the veterans as they passed by. The parade started at a few minutes past 10 and the rear had not reached the stand at 1 o'clock. The Missouri delegations occupied the right of the line, the vexed question having been conceded by the Illinoisians.

General Sherman stood up bareheaded as Ransom post, of St. Louis, his own post, marched by, and there was a suspicious moisture in his eyes when they stopped and gave him a three times three. Nine out of every ten of the bands rendered "Marching Through Georgia," as they neared the stand and his patience was sorely tried. General Alger marched afoot with the Phil Kearney post, of Muskegon, Mich., receiving a continnous ovation, while Corporal Tanner, who rode in a carriage between the New York delegations, was received all along the line with a frigid silence.

The Kentucky delegation carried at its head the tattered flag of the First regiment, army of the Cumberland, and there were a number of similar incidents. Captain Meridith, chief of the bureau of engraving, marched with the Oak Park, Ill., post. All the posts presented a fine appearance, but by far the largest showing was made by Wisconsin.

The parade was in nine divisions, the Sons of Veterans bringing up the rear. When opposite the reviewing stand, the horse ridden by Commander-in-Chief Warner shied considerably and the congressman was compelled to borrow a whip and give the animal a severe threshing before it mended its ways.

It is estimated that 150,000 veterans were in line. The line of march was started at such a late hour that fully as many more men were on the streets as spectators.

TRAIN ROBBERS.

The Officers Capture Them, But They Escape Again.

SALT LAKE, Utah, Aug. 27.—The train robbers who held up the Rio Grande Western three weeks ago were captured in San Juan county, Utah, by a deputy United States marshal and a posse of Navajo and Ute Indians. They were shackled and on their way to Moab to be brought to this city, when they jumped from the wagon and disappeared in the darkness. Although careful search was made they have not been found. The officers and Indians are still pursuing and have hope of recapturing them.

A Pugilistic Event.

SAN FRANCISCO, Aug. 27.—The most interesting event in the pugilistic world that has happened since the Sullivan-Kilrain fight, is the meeting to-night at the California Athletic club, between Jack Dempsey and George LaBlanc, "The Marine," for a purse of $5,500 and the middle-weight championship of America.

The London Strike.

LONDON, Aug. 27.—The strike is still spreading and the relative position of the employers and the strikers remains unchanged. Rumors are in circulation to-day that the printers intend joining the strike, which is virtually a fight for a universal eight hour system.

Fires.

HOPKINTON, Mass., August 27.—The shoe factory of Comrun, Son & Co., the engine house and one dwelling house were burned this morning. Three hundred workmen are deprived of employment.

The Weather.

WASHINGTON, August 27.—Indiana—Fair; stationary temperature; southerly winds.

BONE IN A SECOND.

The Novel Method Which Makes Man His Own Photographer.

Science continues to unfold its wonderful possibilities.

So a SENTINEL reporter soliloquized to-day when he was shown a collection of one hundred photographs taken by means of a small Kodak camera. This camera is an ingenious little affair in which is stored a roll capable of taking 100 negatives.

All the owner has to do is to start out on an outing with this unpretentious little contrivance under his arm or under his coat and point it out at any objects along the route that may strike his fancy.

Click! a string is pulled and the negative is made. When the roll is exhausted the box is sent to Mr. M. L. Jones, the photagrapher, who finishes the pictures.

The ones taken by Mr. Edgerton are clearly defined and are truly superb. Some of the pretty little rural scenes he "shot on the wing" while riding his bicycle.

It is one of the neatest, most compact and perfect little cameras invented. By reason of its cheapness, it is apt to come into popular use.

FRIGHTFUL RUNAWAY.

Frank M. Chapman's Terrible Experience With a Runaway Horse.

Last evening Mr. Frank M. Chapman, formerly deputy county auditor, drove into the city on the Goshen road bleeding horribly from wounds on his face, his shirt front having a crimson dye, his clothes torn and dirt-begrimed and his whole appearance that of a man who had not enjoyed his ride.

He explained to a SENTINEL reporter that while driving in a sulky down a hill his horse had suddenly balked, throwing him onto the animal's back, whence he fell between the shafts and before he could extricate himself he had received a score of kicks upon the face.

Mr. Chapman's mouth and cheeks are horribly contused, his teeth are loosened, his jaw fractured and one of his limbs is so bruised that locomotion is very painful. Dr. W. H. Myers is in attendance.

READY! START!

The Races of the Driving Association to Open at the Fair Grounds To-Morrow.

Five car loads more of trotters, pacers and runners arrived at the fair grounds this morning, and every stall on the grounds is now filled. The arrivals have gone far beyond expectations, and the races are sure to eclispe anything of the kind ever given here.

Arrangements for the opening day to-morrow, are now complete, and the management promise rare sport for the entire week.

The first race to-morrow will be the three-minute trot, which has eleven entries, including Susie B, owned by S. D. Bond; Emma, owned by Albert Gessler; and Lorna Doane, owned by Rockhill Bros.

The next race will be the great free-for-all pace and you can look to see very fast time made, as the starters will be: Gray Harry, 2:15½; Willard M, 2:19¼; Finley, 2:22½; and Pickaway, 2:19. Races all called at 1:30, sharp.

THEIR WORD IS LAW.

Watterson, Eel River township; John M. Shives, Pleasant township; Thomas Greer, Pleasant township; Franklin Roberts, Springfield township; John Small, Maumee township; Christian Youse, Madison township; W. H. McClellan, city.

Thousands of Strikers.

LONDON, Aug. 27.—Thousands of coal porters have joined the strikers to-day and the situation instead of improving is growing worse hourly. The strikers number 130,000.

Go to the races.

BEATEN BY 8,000 VOTES!

That Was the Dose Given Gen. Chalmers in Mississippi, Yet He Will Contest the Election.

WASHINGTON, August 27.—An adverse majority of over 8,000 would generally be considered enough to quiet a congressional contestant, but not so in the case of Gen. James R. Chalmers. Though in the face of the returns, J. B. Morgan has that majority in the second Mississippi district, Gen. Chalmers, who is in the city, says he is prepared to make a fight.

"To state my case briefly," said Gen. Chalmers last night, "the two eastern counties of the second district have a white majority of 3,600. In these counties I was beaten by only 1,600 majority. In the seven western counties there is 2,500 negro majority, yet here the democrats pile up 6,400 democratic majority. This is an arrant absurdity.

"My opponent, in answering my charges of corruption and counting out, alleges: First. That I am unpopular with my party, yet I ran ahead of the presidential ticket. Second. That many negroes voted the democratic ticket; yet he is on record as opposing the admission of negroes to the democratic primaries, with this remark that 'no d—d nigger ever voted for Cleveland.'"

AT DEER PARK.

DEER PARK, N. Y., Aug. 27.—The president spent the entire morning at the east window of his cottage, looking over the letters that continue to come. His head made a fine silhouette against the dark back-ground of the room. It is stated that the president will give little time this week to departmental or other official business. He will devote himself entirely to conferences by letter to party leaders. No official communication has been received at the White House cottage in regard to Haytian troubles.

VERY NEAR DEATH'S DOOR!

And Yet He Embezzles $22,000 of His Firm's Money and Skips.

NEW YORK, Aug. 27.—Albert McMillan, aged thirty-four, bookkeeper of the Cody & Nelson Co., tailors, gathered up what cash he could lay his hands upon in the store and fled. Investigation shows that he had previously raised two checks drawn to his order by the firm and pocketed over $1,200 of his employer's money. Their total loss by his dishonesty amounts to about $22,000.

McMillan's case presents some very unusual features. He has turned thief, well knowing that he had scarcely six months to live, and has literally gone off with the money to die.

The Prices on Coke.

PITTSBURG, Aug. 27.—After many meetings the operators of the Connellsville coke region have finally agreed upon prices for coke to prevail after the first of September. To vessels the price will be $1.35 per ton; to dealers, $1.50; to foundries, $1.65. These are the prices in cars at the ovens. There exists a mutual understanding that there will be no cutting of these prices.

Michigan Fire.

SPRING LAKE, Mich., August 27.—Fire early this morning destroyed nine store buildings and three barns, causing losses aggregating about $40,000.

Mr. McDonnell has been connected with the Nickel Plate since it was built, and, in fact, helped to build it himself. He is a thorough railroad man, has been foreman of the "floating gang" and his appointment will give general satisfaction. The place was formerly held by Mr. Ed. Murphy, deceased.

SURVIVED THE FLOOD.

An Old Couple, Foot-sore and Starving, Appeal to the Township Trustee for Aid.

Trustee Brackenridge was called upon to-day by an old couple, William Emerick and wife, who claimed to have survived the Johnstown flood. They stated that their home and possessions were swept away and that they were left penniless. They have been wandering for many days and were foot-sore and weary.

Their condition was enough to create sympathy in anybody and they were given assistance.

Last evening, in 'Squire Ryan's court, Mrs. Mary Poole filed a complaint against John Fletter, charging assault with intent to rape, it being claimed the deed was attempted last April. Fletter filed a suit to recover $4 from Mrs. Poole's husband a few days ago and this is said to be the cause of the trouble. Fletter says the charges are false in every particular.

DENMARK'S foreign egg trade has grown to tremendous size, mainly with England. Twenty years ago the annual Danish export of eggs was 900,000, now it is reckoned at 111,000,000.

CAMPBELL WILL WIN!

The Ohio Democrats in Convention at Dayton—Predictions as to the Ticket.

DAYTON, Ohio, Aug. 27.—The fight between Campbell and Neal for the democratic gubernatorial nomination has resolved itself into the old Pendleton-McLean feud and Kline, of Cuyahoga county, will stand an excellent chance of carrying off the coveted plum. It is now predicted that a strong tariff reform plank will be introduced into the platform.

2:30 p. m.—Campbell men this afternoon are offering $100 to $75 that their candidate will be nominated on the first ballot and there are no takers. It now looks as though the ticket would be: Campbell, governor; Kline, lieutenant-governor; Boden, treasurer; Follett or Critchfield, supreme judge; Lewis, attorney-general; Howard, board of public works; Miller, school commissioner.

HAYTI'S TROUBLE.

The Republic of Hayti has been the theater of a revolution for more than a year past, and her people have been cursed with barbaric warfares, that have been a disgrace to the world and a terror to her dusky inhabitants. A republic was established there more than twenty years ago, and yet it has never prospered. Its fiscal affairs are in great confusion and its people incapable of self-government, have been the prey of ambitious autocrats holding nominally as freely elected executives. Salomon, who has been president, fled a year ago with such treasure as he could gather. The new election brought further turmoil, in which one of the contestants was killed. Since last fall there has been a cruel and bloody struggle between Legitime, who claimed election and a general of the northern provinces, Hippolyte. Victory has been finally declared on the side of the latter. Legitime has fled the country, his followers are dispirited, and the republic is at the mercy of the conquerer, who may become dictator or may require the farce of another election. If it had not been for the naval vessels of various countries riding in the harbor of Port au Prince and resolved on the preservation of order the entrance of Hippolyte into the city which Legitime has held for months would probably have been the signal for further slaughter.

It is to be hoped Hayti's troubles are over and that the bloody butcheries, which have been enacted on her soil, and which have thrilled the civilized world with horror, are over. She needs a strong hand to govern her. Her negroes have not learned self-government, and never will until something like education and religion have been diffused among her masses and a leader raised who has the welfare of her people at heart, instead of the attainment of his own selfish ambitions.

OUR OLD SOLDIERS.

The national encampment of the G. A. R., at Milwaukee, this week, is an event fraught with importance to the ex-soldiers of this country and they will watch with interest the proceedings of this body. The ranks of the veterans of the war of the rebellion are growing smaller with each passing year and it will not be long until the last old soldier has passed from our midst.

The war of the rebellion was fought more than a quarter of a century ago and one often wonders that there are so many of these "old vets" yet living. It is not strange, however, if we stop to think of the youthful character of the men when they left their homes to fight the battles of their country.

The Chicago *Inter-Ocean* in speaking upon this subject has this to say:

The great majority of the men who enlisted in the Union army in 1861 were over 20 years of age. Under the first two or three calls for troops comparatively few men under age were accepted. The majority of the survivors of those who enlisted in 1861 are therefore 50 or more years of age now. One-half of them probably are over 50 and one-fourth of them over 60.

In the later years of the war there were more men under 20, and at the same time more men over 40, in the regiments than in the regiments formed in 1861. The mustering officers, very particular as to the matter of age in the first few months of the war, became less so as the years went by, and thousands of men not over 18 years of age entered the service. The boy of 18 who enlisted in 1862 is now a man of 45 and the boy of 18 who enlisted even as late as 1864 is now a man of 43.

Among the Fort Wayne people at Petoskey now are, Judge Ninde and family, Mrs. Dr. T. J. Dills, and children, J. D. Nuttman and family, S. R. Alden and family, Mrs. R. S. Lowry and daughters, Judge Edward O'Rourke's family, Mrs. Wm Bash, J. D. Olds and family, Mr. and Mrs. G. E. Bursley and Montgomery Hamilton's family.

The parties are charged with violating the internal revenue laws and U. S. Marshal Blair will probably leave to make the arrests to-morrow morning.

T'WILL BE FINE.

The Lake Shore Railway to Build at Once a Magnificent Stone Passenger Depot.

The repeated complaint of THE SENTINEL that the Lake Shore and Michigan Sothern railway, was unfair to the Fort Wayne shippers and traveling public in maintaining in this city, a passenger depot of the size and accommodations of a dry goods box, has at last had its effect.

Yesterday Agent E. S. Philley was advised by telegram from Superintendent T. F. Whittelsey, that that official might be expected in the city at 10 o'clock Wednesday, bringing with him plans and specifications for the new passenger depot and directing him to call the attention of contractors to the matter in order that bids for the work might be received.

STABBED AN OFFICER.

William H. Willoes in a Drunken Frenzy Uses a Knife Recklessly--Other Cases.

Last evening at Neunschwander's saloon, one William H. Willoes became obstreperous and pulled a knife out of his pocket, with which he held a large crowd at bay, until the arrival of Officer Jesse Patton, who in attempting to arrest the man, received an ugly gash in his hand. Willoes, in a frenzy, then made a pass at the officer's stomach, which would have evidently resulted fatally, but for the interference of Frank Fitzgerald, who assisted in making the man a prisoner.

Willoes was arraigned before Mayor Harding this morning. He stated that he lived at Pittsburg and came to this city yesterday morning. He pleaded guilty to the ferocious assault, which was due to his liquor-crazed condition. The man appears to be a tramp. He was bound over in the sum of $500 and went to jail.

James Barr paid a fine for drunkenness.

Frank Clark, whose red nose has often cast its radiant glow in the mayor's court, was fined $19.50 and went to jail.

Joseph Burns, drunk, went to jail.

Ed. Wilson, for vagrancy, who has been up for the same offense heretofore, was given an extra fine and sent to jail.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

Fought a Duel.

CHICAGO, Aug. 26.—A duel was fought last night between Charles Thomas, a well known sporting man, and a fellow by the name of Marshall. The fight was the result of an attachment which each bears for a Mrs. Collins, of No. 9, Hubbard court, in whose house the fight took place. One of the men had his upper lip shot away, and the other was wounded in the head.

News About Town.

It is the current report about town that Kemp's Balsam for the Throat and and Lungs is making some remarkable cures with people who are troubled with Coughs, Sore Throat, Asthma, Bronchitis and Consumption. Any druggist will give you a trial bottle *free of cost*. It is guaranteed to relieve and cure. The large bottles are 50c and $1.

A five-months-old baby, weighing eighty-five pounds is a boast of Buffalo.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Ball Games.

The games played yesterday were as follows:

National league—Pittsburg 2, Indianapolis 4, New York 11, Washington 1; Cleveland 7, Chicago 8; Philadelphia 4, Boston 5.

American association—Kansas City 5, St. Louis 2; Cincinnati 19, Louisville 6,

Struck by an Engine.

DUBUQUE, Iowa, Aug. 26.—Two deaf and dumb girls, one a servant in the family of James Levi, was struck by a locomotive of the Kansas City passenger train while walking on the track near the depot here last evening, and severely injured. On will probably die.

ST. LOUIS, Aug. 26.—The warehouse of the Joseph Haffner Manufacturing company, on the corner of Dock and Main streets, was destroyed by fire yesterday afternoon. Loss, $80,000.

Natural Gas Combination.

NEW YORK, Aug. 27.—Three groups of Ohio and Indiana natural gas lands, the Dayton interest, the Muncie and the Brice companies have consolidated their interests under the control of Mr. Calvin S. Brice. The combination embraces 46,000 acres of gas lands and the intention is to pipe the gas to the leading western cities.

Very Sensible "Japs."

In Japan the old-school physicians are permitted to wear only wooden swords. This is a gently sarcastic way of expressing the opinion that they kill enough people without using weapons. But the druggist who introduced Dr. Pierce's Golden Medical Discovery into the Empire, carries a fine steel blade. It was found that all who tried this wonderful remedy for coughs, colds, consumptive tendencies, blood, skin and liver troubles, were, without exception, greatly benefitted. The Mikado himself is said to have "toned up" his system by its use, and the importer was therefore permitted the exceptional honor of wearing the sword of nobility.

It is stated that there are in Boston 411 miles of public streets and 129 miles of private ways.

KAISER AND MINISTER.

Although his age and infirmities render it difficult, the Great Chancellor remains standing whenever he is received in audience by the young Emperor for the transaction of any State business. On the occasion of his first interview after his accession to the throne, Kaiser Wilhelm, mindful of the fact that he was indebted for his acquaintance with statecraft to the greatest living master thereof, and that he had been brought up, one might almost say, at the very feet of Bismarck, urged the old Prince to be seated while reading his report.

The Chancellor, however, absolutely refused to comply with the Monarch's request in the matter. "Pardon me sire," he remarked. "At the present moment I am not alone in the presence of my young King, who honors me with his presence and confidence, but I am also in the presence of the representative of the principle of royalty, in transacting State affairs with whom no Prussian minister can do otherwise than remain standing."

The Emperor remained silent for a moment, and then grasped both the Chancellor's hands, exclaiming as he did so: "You are quite right. Thus it has always been, and thus it shall remain." It is, however, due to the Kaiser to add that he invariably arises from his chair and remains standing whenever the old Prince is discussing affairs of State with him.—*Berlin letter.*

TAR-OID

NATURE HAS NO Better Remedy Than this New Compound of Tar for Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by impure blood, which is not true. They have their cause in a want of vital action in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THE DOINGS OF A DAY.

Gathered Around the Railroads and Busy Centers During an Early Morning Stroll.

The Nickel Plate round house is being repaired.

Passenger Agent Fisher, of the Muncie, is home from Cincinnati.

Detroit cigar-makers work eight hours and make $8 and $9 per week.

The new Wabash depot platform is rapidly approaching completion.

The railroads are getting considerable travel to the Milwaukee G. A. R. encampment.

William Wurtle, formerly of the Pittsburg shops, is now employed at the Electric Light works.

English iron-workers are agitating "no Sunday work" and "five days a week with Monday off."

The railroad baggagemen are distributing Labor day bills at the different stations along their lines.

The death of Mr. Murphy, of the Nickel Plate, was received with sadness by his many railroad friends.

D. A. Wohlford, of the Pittsburg shops, who was off duty a few days last week, is at his position again.

Henry Barner, who is one of the best musicians in the city, has taken a position at the electric light works.

The Pittsburg shop employes will make a strong effort to have the establishment closed down on Labor Day.

The electric light acted badly at the Pittsburg car shops last night, and the men were left in total darkness for an hour.

Clerk Will Noble will not be able to resume his position at his desk at the Bass works for some time. He is still very ill.

C. L. Kimball, assistant general traveling passenger agent of the Pennsylvania, was in the city yesterday, and went east last evening.

Charles C. Miller, stenographer at the Jenney Electric Light works, is attending the State Stenographer's convention, at Indianapolis.

The remains of Mrs. Wilhelmina Riehl were shipped to Philadelphia last evening over the Pittsburg road, and were accompanied by a large number of friends.

The employes at the Pittsburg shops will only work four nights a week. They do not like night work, and will endeavor to have the company only work three nights a week.

Fred Vodde, whose death occurred yesterday, was one of the oldest moulders at the Bass works. He had a large number of friends, and many of the Bass men will attend his funeral Thursday.

Traveling Passenger Agent S. K. Blair, of the Nickel Plate, accompanied two train loads of Grand Army men over his road last evening to Chicago. They were en route to the Milwaukee encampment.

Probably the largest freight car in the world is one recently built by the Lehigh Valley road. It was intended to carry fifty tons and has actually carried over fifty-one. Its own weight is twenty-three tons.

The Pennsylvania Railroad company has for the first time in its history made a direct new equipment loan, and upon a plan entirely new, one which other roads in need of equipment will be inclined to follow. The equipment bonds bear only 4 per cent. interest, and are issued at par, but the company agrees to maintain a 5 per cent. sinking fund, to be devoted to the redemption of the bonds at par or less, and in case of none being offered at that figure, the trustee is to invest this amount in additional equipment, to be placed under the same mortgage.

A Chicago man is at work on a new railroad car which will not burn or telescope. It is all iron and steel. The roof, sides and ends of the car are made of steel boiler plates riveted together, and is nothing more nor less than a big boiler. It is not quite round, however, being somewhat the shape of a horse-shoe—the round part being the top. In the bottom, it is said, are several steel girders packed in cement, much the same as in the Pullman cars. Along the sides is an array of windows precisely similar to those of an ordinary passenger coach. The top of the car is destitute of the heavy roof and ventilating arrangements that is seen on ordinary cars. It is said that ventilation is to be secured by pumping air into the cars through pipes. These pipes in winter will furnish warm air. There is also a system of ventilation around the windows.

Kilrain on Bail.

PURVIS, Miss., August 27.—Kilrain's bond was signed by him yesterday, as it had already been signed by C. W. Rich an R. I. Carbrough, and placed in the hands of Deputy Sheriff Lenon and Kilrain, accompanied by Renaud and Rich, then took a hack for Richburg. From there the two former took the train for Cincinnati. Renaud will stop off at that place, while Kilrain will go right through to Baltimore.

RECALLING THE PAST.

An Annual Reunion of the Twentieth Indiana Regiment—Some Interesting Facts.

On Wednesday and Thursday of next week there will be held at Valparaiso a reunion of the survivors of the Twentieth Indiana regiment. It will be an interesting event.

At the battle of Gettysburg the Twentieth Indiana lost two officers and thirty enlisted men. There were nine officers and 105 enlisted men wounded. Capt. Chas. Reese, the city assessor, was one of the wounded officers, having been nearly killed by a minnie ball, which lodged in his head and remained there, until a year ago last January, when it finally dislodged itself after a period of twenty-four years. The other only surviving member of this company in this city is Mr. B. F. Tinkham, formerly a traveling salesman for G. W. Seavy. Both of them will attend the reunion

Mr. Jacob Schell, of Monroeville, is also a surviving member of the regiment.

The lost in the Twentieth regiment was twice as great as in any one regiment in the same brigade. The war department records say that the loss in killed and wounded in the Twentieth was the heaviest of any Indiana regiment.

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

WORDSWORTH had a way of thanking authors of poems that were sent him, immediately, ending with this set phrase: "From the perusal of which, when I am at leisure, I promise myself great pleasure."

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

A NUREMBURG manufacturer has invented pencils in blue, black, and brown for writing on the human skin. They are for use in anatomical and chemical demonstrations.

OLD VETS IN LINE!

A Brilliant Parade at Milwaukee—Sherman, the Hero of the Men, But Tanner Received With Frigid Silence.

MILWAUKEE, Wis., Aug. 27.—General W. T. Sherman sat for over three hours to-day in the blazing sun on the reviewing stand in Washington Square, while the boys in blue filed by. The annual parade of the Grand Army was a brilliant success, and it was rendered doubly interesting from the fact that it may be the last that "Old Tecumseh" will witness. It was the hottest day of the year, and the sun beat down with remorseless fury, but the veterans turned out, and the line of march, a distance of two-and-a-half miles, was packed with spectators.

Nearly 30,000 of the spectators had arrived since sun-down of yesterday. Mrs. Logan, escorted by Major Veasey, of Vermont, and Mrs. Alger and daughter, occupied the front seats of the reviewing stand, and the widow of the ex-senator and general, was accorded an enthusiastic greeting by the veterans as they passed by. The parade started at a few minutes past 10 and the rear had not reached the stand at 1 o'clock. The Missouri delegations occupied the right of the line, the vexed question having been conceded by the Illinoisans.

General Sherman stood up bareheaded as Ransom post, of St. Louis, his own post, marched by, and there was a suspicious moisture in his eyes when they stopped and gave him a three times three. Nine out of every ten of the bands rendered "Marching Through Georgia," as they neared the stand and his patience was sorely tried. General Alger marched afoot with the Phil Kearney post, of Muskegon, Mich., receiving a continuous ovation, while Corporal Tanner, who rode in a carriage between the New York delegations, was received all along the line with a frigid silence.

The Kentucky delegation carried at its head the tattered flag of the First regiment, army of the Cumberland, and there were a number of similar incidents. Captain Meridith, chief of the bureau of engraving, marched with the Oak Park, Ill., post. All the posts presented a fine appearance, but by far the largest showing was made by Wisconsin.

The parade was in nine divisions, the Sons of Veterans bringing up the rear. When opposite the reviewing stand, the horse ridden by Commander-in-Chief Warner shied considerably and the congressman was compelled to borrow a whip and give the animal a severe threshing before it mended its ways.

It is estimated that 150,000 veterans were in line. The line of march was started at such a late hour that fully as many more men were on the streets as spectators.

TRAIN ROBBERS.

The Officers Capture Them, But They Escape Again.

SALT LAKE, Utah, Aug. 27. The train robbers who held up the Rio Grande Western three weeks ago were captured in San Juan county, Utah, by a deputy United States marshal and a posse of Navajo and Ute Indians. They were shackled and on their way to Moab to be brought to this city, when they jumped from the wagon and disappeared in the darkness. Although careful search was made they have not been found. The officers and Indians are still pursuing and have hope of recapturing them.

A Pugilistic Event.

SAN FRANCISCO, Aug. 27.—The most interesting event in the pugilistic world that has happened since the Sullivan-Kilrain fight, is the meeting to-night at the California Athletic club, between Jack Dempsey and George LaBlanc, "The Marine," for a purse of $5,500 and the middle-weight championship of America.

The London Strike.

DONE IN A SECOND.

The Novel Method Which Makes Man His Own Photographer.

Science continues to unfold its wonderful possibilities.

So a SENTINEL reporter soliloquized to-day when he was shown a collection of one hundred photographs taken by means of a small Kodak camera. This camera is an ingenious little affair in which is stored a roll capable of taking 100 negatives.

All the owner has to do is to start out on an outing with this unpretentious little contrivance under his arm or under his coat and point it out at any objects along the route that may strike his fancy.

Click! a string is pulled and the negative is made. When the roll is exhausted the box is sent to Mr. M. L. Jones, the photographer, who finishes the pictures.

The ones taken by Mr. Edgerton are clearly defined and are truly superb. Some of the pretty little rural scenes he "shot on the wing" while riding his bicycle.

It is one of the neatest, most compact and perfect little cameras invented. By reason of its cheapness, it is apt to come into popular use.

FRIGHTFUL RUNAWAY.

Frank M. Chapman's Terrible Experience With a Runaway Horse.

Last evening Mr. Frank M. Chapman, formerly deputy county auditor, drove into the city on the Goshen road bleeding horribly from wounds on his face, his shirt front having a crimson dye, his clothes torn and dirt-begrimed and his whole appearance that of a man who had not enjoyed his ride.

He explained to a SENTINEL reporter that while driving in a sulky down a hill his horse had suddenly balked, throwing him onto the animal's back, whence he fell between the shafts and before he could extricate himself he had received a score of kicks upon the face.

Mr. Chapman's mouth and cheeks are horribly contused, his teeth are loosened, his jaw fractured and one of his limbs is so bruised that locomotion is very painful. Dr. W. H. Myers is in attendance.

READY! START!

The Races of the Driving Association to Open at the Fair Grounds To-Morrow.

Five car loads more of trotters, pacers and runners arrived at the fair grounds this morning, and every stall on the grounds is now filled. The arrivals have gone far beyond expectations, and the races are sure to eclipse anything of the kind ever given here.

Arrangements for the opening day to-morrow, are now complete, and the management promise rare sport for the entire week.

The first race to-morrow will be the three-minute trot, which has eleven entries, including Susie B, owned by S. D. Boud; Emma, owned by Albert Gessler; and Lorna Doone, owned by Rockhill Bros.

The next race will be the great free-for-all pace and you can look to see very fast time made, as the starters will be: Gray Harry, 2:15½; Willard M, 2:19½; Finley, 2:22½; and Pickaway, 2:19. Races all called at 1:30, sharp.

BEATEN BY 8,000 VOTES!

That Was the Dose Given Gen. Chalmers in Mississippi, Yet He Will Contest the Election.

WASHINGTON, August 27.—An adverse majority of over 8,000 would generally be considered enough to quiet a congressional contestant, but not so in the case of Gen. James R. Chalmers. Though in the face of the returns, J. B. Morgan has that majority in the second Mississippi district, Gen. Chalmers, who is in the city, says he is prepared to make a fight.

"To state my case briefly," said Gen. Chalmers last night, "the two eastern counties of the second district have a white majority of 3,600. In these counties I was beaten by only 1,600 majority. In the seven western counties there is 2,500 negro majority, yet here the democrats pile up 6,400 democratic majority. This is an arrant absurdity.

"My opponent, in answering my charges of corruption and counting out, alleges: First. That I am unpopular with my party, yet I ran ahead of the presidential ticket. Second. That many negroes voted the democratic ticket; yet he is on record as opposing the admission of negroes to the democratic primaries, with this remark that 'no d—d nigger ever voted for Cleveland.'"

AT DEER PARK.

DEER PARK, N. Y., Aug. 27.—The president spent the entire morning at the east window of his cottage, looking over the letters that continue to come. His head made a fine silhouette against the dark back-ground of the room. It is stated that the president will give little time this week to departmental or other official business. He will devote himself entirely to conferences by letter to party leaders. No official communication has been received at the White House cottage in regard to Haytian troubles.

VERY NEAR DEATH'S DOOR!

And Yet He Embezzles $22,000 of His Firm's Money and Skips.

NEW YORK, Aug. 27.—Albert McMillan, aged thirty-four, bookkeeper of the Cody & Nelson Co., tailors, gathered up what cash he could lay his hands upon in the store and fled. Investigation shows that he had previously raised two checks drawn to his order by the firm and pocketed over $1,200 of his employer's money. Their total loss by his dishonesty amounts to about $22,000.

McMillan's case presents some very unusual features. He has turned thief, well knowing that he had scarcely six months to live, and has literally gone off with the money to die.

The Prices on Coke.

PITTSBURG, Aug. 27.—After many meetings the operators of the Connellsville coke region have finally agreed upon prices for coke to prevail after the first of September. To vessels the price will be $1.35 per ton; to dealers, $1.50; to foundries, $1.65. These are the prices in cars at the ovens. There exists a mutual understanding that there will be no cutting of these prices.

Last evening, in Squire Ryan's court, Mrs. Mary Poole filed a complaint against John Flotter, charging assault with intent to rape, it being claimed the deed was attempted last April. DAYTON, Ohio, Aug. 27.—The fight between Campbell and Neal for the democratic gubernatorial nomination has resolved itself into the old Pendleton-McLean feud and Kline, of Cuyahoga county, will stand an excellent chance of carrying off the coveted plum. It is now predicted that a strong tariff reform plank will be introduced into the platform.

2:30 p. m.—Campbell men this afternoon are offering $100 to $75 that their candidate will be nominated on the first ballot and there are no takers. TUESDAY, AUG. 27, 1889.

SEPTEMBER days will soon be here.

THIS week and month will go out together.

NATURAL gas is coming. It will be here before the snow flies, so we are told.

THERE are 1,200 persons of the name of Smith employed in the United States postal service.

COMMISSIONER OF PENSIONS TANNER says he is not a candidate for the position of commander-in-chief of the Grand Army of the Republic.

IT SEEMS probable that a demonstration similar to that which forced the opening of Oklahoma may be made in the case of the Cherokee strip.

AN Illinois woman has invented a dish washer which will be manufactured by a stock company. It will wash, scald, rinse and dry all sorts of dishes at the rate of from three to ten dozen a minute, according to the size of the machine.

A. J. DREXEL, of Philadelphia, has set apart a munificent gift of $1,500,000 to erect a training school for boys and girls in Philadelphia. It will, according to the plans, accommodate 1,000 girls during the day and 1,000 boys at night. A large lecture hall will accommodate 2,000 guests.

HAYTI'S TROUBLE.

The Republic of Hayti has been the theater of a revolution for more than a year past, and her people have been cursed with barbaric warfares, that have been a disgrace to the world and a terror to her dusky inhabitants. A republic was established there more than twenty years ago, and yet it has never prospered. Its fiscal affairs are in great confusion and its people incapable of self-government, have been the prey of ambitious autocrats holding nominally as freely elected executives. Salomon, who has been president, fled a year ago with such treasure as he could gather. The new election brought further turmoil, in which one of the contestants was killed. Since last fall there has been a cruel and bloody struggle between Legitime, who claimed election and a general of the northern provinces, Hippolyte. Victory has been finally declared on the side of the latter. Legitime has fled the country, his followers are dispirited, and the republic is at the mercy of the conqueror, who may become dictator or may require the farce of another election. If it had not been for the naval vessels of various countries riding in the harbor of Port au Prince and resolved on the preservation of order the entrance of Hippolyte into the city which Legitime has held for months would probably have been the signal for further slaughter.

It is to be hoped Hayti's troubles are over and that the bloody butcheries, which have been enacted on her soil, and which have thrilled the civilized world with horror, are over. She needs a strong hand to govern her. Her negroes have not learned self-government, and never will until something like education and religion have been diffused among her masses and a leader raised who has the welfare of her people at heart, instead of the attainment of his own selfish ambitions.

OUR OLD SOLDIERS.

The national encampment of the G. A. R., at Milwaukee, this week, is an event fraught with importance to the ex-soldiers of this country and they will watch with interest the proceedings of this body. The ranks of the veterans of the war of the rebellion are growing smaller with each passing year and it will not be long until the last old soldier has passed from our midst.

The war of the rebellion was fought more than a quarter of a century ago and one often wonders that there are so many of these "old vets" yet living. It is not strange, however, if we stop to think of the youthful character of the men when they left their homes to fight the battles of their country.

The Chicago *Inter-Ocean* in speaking upon this subject has this to say:

The great majority of the men who enlisted in the Union army in 1861 were over 20 years of age. Under the first two or three calls for troops comparatively few men under age were accepted. The majority of the survivors of those who enlisted in 1861 are therefore 50 or more years of age now. One-half of them probably are over 50 and one-fourth of them over 60.

In the later years of the war there were more men under 20, and at the same time more men over 40, in the regiments than in the regiments formed in 1861. The mustering officers, very particular as to the matter of age in the first few months of the war, became less so as the years went by, and thousands of men not over 18 years of age entered the service. The boy of 18 who enlisted in 1862 is now a man of 45 and the boy of 18 who enlisted even as late as 1864 is now a man of 43.

Among the Fort Wayne people at Potoskey now are, Judge Ninde and family, Mrs. Dr. T. J. Dills and children, J. D. Nutman and family, S. R. Alden and family, Mrs. R. S. Lowry and daughters, Judge Edward O'Rourke's family, Mrs. Wm Bash, J. D. Olds and family, Mr. and Mrs. G. E. Bursley and Montgomery Hamilton's family.

The parties are charged with violating the internal revenue laws and U. S. Marshal Blair will probably leave to make the arrests to-morrow morning.

THE WALTER CARVER CONCERT.

The Musical Treat to be Given at the Temple Thursday Evening.

The grand Walter Carver concert to be given at the Masonic Temple Thursday evening promises to be the musical event of the season and will undoubtedly be a rich treat for our people. The grand chorus, under the direction of Prof. W. F. Heath, will sing as no chorus has ever sung before in this city. Added to this will be the appearance on the stage of the distinguished singers, Miss Ida Kellogg, Miss Helen Carter and Mr. M. A. Richmond, of Chicago, Mr. W. F. Carver, and the Haydn Quartet, of this city, and Mr. Theo. Frank and Prof. Joost, as pianists.

The box office for the sale of reserved seats is now open, and our music lovers would do well to secure their seats in advance.

'TWILL BE FINE.

The Lake Shore Railway to Build at Once a Magnificent Stone Passenger Depot.

The repeated complaint of THE SENTINEL that the Lake Shore and Michigan Southern railway, was unfair to the Fort Wayne shippers and traveling public in maintaining in this city, a passenger depot of the size and accommodations of a dry goods box, has at last had its effect.

Yesterday Agent E. S. Philley was advised by telegram from Superintendent T. F. Whittelsey, that that official might be expected in the city at 10 o'clock Wednesday, bringing with him plans and specifications for the new passenger depot and directing him to call the attention of contractors to the matter in order that bids for the work might be received.

STABBED AN OFFICER.

William H. Willoes in a Drunken Frenzy Uses a Knife Recklessly—Other Items.

Last evening at Neunschwander's saloon, one William H. Willoes became obstreperous and pulled a knife out of his pocket, with which he held a large crowd at bay, until the arrival of Officer Jesse Patton, who in attempting to arrest the man, received an ugly gash in his hand. Willoes, in a frenzy, then made a pass at the officer's stomach, which would have evidently resulted fatally, but for the interference of Frank Fitzgerald, who assisted in making the man a prisoner.

Willoes was arraigned before Mayor Harding this morning. He stated that he lived at Pittsburg and came to this city yesterday morning. He pleaded guilty to the ferocious assault, which was due to his liquor-crazed condition. The man appears to be a tramp. He was bound over in the sum of $500 and went to jail.

James Barr paid a fine for drunkenness.

Frank Clark, whose red nose has often cast its radiant glow in the mayor's court, was fined $10.50 and went to jail.

Joseph Burns, drank, went to jail.

Ed. Wilson, for vagrancy, who has been up for the same offense heretofore, was given an extra fine and sent to jail.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

Fought a Duel.

CHICAGO, Aug. 26.—A duel was fought last night between Charles Thomas, a well known sporting man, and a fellow by the name of Marshall. The fight was the result of an attachment which each bears for a Mrs. Collins, of No. 9, Hubbard court, in whose house the fight took place. One of the men had his upper lip shot away, and the other was wounded in the head.

ST. LOUIS, Aug. 26.—The warehouse of the Joseph Haffner Manufacturing company, on the corner of Dock and Main streets, was destroyed by fire yesterday afternoon. Loss, $80,000.

Natural Gas Combination.

NEW YORK, Aug. 27.—Three groups of Ohio and Indiana natural gas lands, the Dayton interest, the Muncie and the Brice companies have consolidated their interests under the control of Mr. Calvin S. Brice. The combination embraces 46,000 acres of gas lands and the intention is to pipe the gas to the leading western cities.

Very Sensible "Japs."

In Japan the old-school physicians are permitted to wear only wooden swords. This is a gently sarcastic way of expressing the opinion that they kill enough people without using weapons. But the druggist who introduced Dr. Pierce's Golden Medical Discovery into the Empire, carries a fine steel blade. It was found that all who tried this wonderful remedy for coughs, colds, consumptive tendencies, blood, skin and liver troubles, were, without exception, greatly benefitted. The Mikado himself is said to have "stoned up" his system by its use, and the importer was therefore permitted the exceptional honor of wearing the sword of nobility.

It is stated that there are in Boston 411 miles of public streets and 129 miles of private ways.

ST. CLAIR, MICH.

J. M. LOOSE RED CLOVER CO.—Gentlemen: The six bottles of Red Clover I ordered of you have entirely cured my wife of Cancer of the eye, and there has been no sign of a return of it.

Yours Respectfully,

KAISER AND MINISTER.

Although his age and infirmities render it difficult, the Great Chancellor remains standing whenever he is received in audience by the young Emperor for the transaction of any State business. On the occasion of his first interview after his accession to the throne, Kaiser Wilhelm, mindful of the fact that he was indebted for his acquaintance with statecraft to the greatest living master thereof, and that he had been brought up, one might almost say, at the very feet of Bismarck, urged the old Prince to be seated while reading his report.

The Chancellor, however, absolutely refused to comply with the Monarch's request in the matter. "Pardon me, sire," he remarked. "At the present moment I am not alone in the presence of my young King, who honors me with his presence and confidence, but I am also in the presence of the representative of the principle of royalty, in transacting State affairs with whom no Prussian minister can do otherwise than remain standing."

The Emperor remained silent for a moment, and then grasped both the Chancellor's hands, exclaiming as he did so: "You are quite right. Thus it has always been, and thus it shall remain." It is, however, due to the Kaiser to add that he invariably arises from his chair and remains standing whenever the old Prince is discussing affairs of State with him.—*Berlin letter.*

LONG LIFE.

There is nothing in the world more universally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sold out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine of health.

TEN DOINGS OF A DAY

Gathered Around the Railroads and Busy Centers During an Early Morning Stroll.

The Nickel Plate round house is being repaired.

Passenger Agent Fisher, of the Muncie, is home from Cincinnati.

Detroit cigar-makers work eight hours and make $8 and $9 per week.

The new Wabash depot platform is rapidly approaching completion.

The railroads are getting considerable travel to the Milwaukee G. A. R. encampment.

William Wurtle, formerly of the Pittsburg shops, is now employed at the Electric Light works.

English iron-workers are agitating "no Sunday work" and "five days a week with Monday off."

The railroad baggagemen are distributing Labor day bills at the different stations along their lines.

The death of Mr. Murphy, of the Nickel Plate, was received with sadness by his many railroad friends.

D. A. Wohlford, of the Pittsburg shops, who was off duty a few days last week, is at his position again.

Henry Barner, who is one of the best musicians in the city, has taken a position at the electric light works.

The Pittsburg shop employes will make a strong effort to have the establishment closed down on Labor Day.

The electric light acted badly at the Pittsburg car shops last night, and the men were left in total darkness for an hour.

Clerk Will Noble will not be able to resume his position at his desk at the Bass works for some time. He is still very ill.

C. L. Kimball, assistant general traveling passenger agent of the Pennsylvania, was in the city yesterday, and went east last evening.

Charles C. Miller, stenographer at the Jenney Electric Light works, is attending the State Stenographer's convention, at Indianapolis.

The remains of Mrs. Wilhelmina Riehl were shipped to Philadelphia last evening over the Pittsburg road, and were accompanied by a large number of friends.

The employes at the Pittsburg shops will only work four nights a week. They do not like night work, and will endeavor to have the company only work three nights a week.

Fred Vodde, whose death occurred yesterday, was one of the oldest moulders at the Bass works. He had a large number of friends, and many of the Bass men will attend his funeral Thursday.

Traveling Passenger Agent S. K. Blair, of the Nickel Plate, accompanied two train loads of Grand Army men over his road last evening to Chicago. They were en route to the Milwaukee encampment.

Probably the largest freight car in the world is one recently built by the Lehigh Valley road. It was intended to carry fifty tons and has actually carried over fifty-one. Its own weight is twenty-three tons.

The Pennsylvania Railroad company has for the first time in its history made a direct new equipment loan, and upon a plan entirely new, one which other roads in need of equipment will be inclined to follow. The equipment bonds bear only 4 per cent. interest, and are issued at par, but the company agrees to maintain a 5 per cent. sinking fund, to be devoted to the redemption of the bonds at par or less, and in case of none being offered at that figure, the trustee is to invest this amount in additional equipment, to be placed under the same mortgage.

A Chicago man is at work on a new railroad car which will not burn or telescope. It is all iron and steel. The roof, sides and ends of the car are made of steel boiler plates riveted together, and is nothing more nor less than a big boiler. It is not quite round, however, being somewhat the shape of a horseshoe—the round part being the top. In the bottom, it is said, are several steel girders packed in cement, much the same as in the Pullman cars. Along the sides is an array of windows precisely similar to those of an ordinary passenger coach. The top of the car is destitute of the heavy roof and ventilating arrangements that is seen on ordinary cars. It is said that ventilation is to be secured by pumping air into the cars through pipes. These pipes in winter will furnish warm air. There is also a system of ventilation around the windows.

Kilrain on Bail.

Purvis, Miss., August 27.—Kilrain's bond was signed by him yesterday, as it had already been signed by C. W. Rich an R. I. Carlrough, and placed in the hands of Deputy Sheriff Lenon and Kilrain, accompanied by Rennard and Rich, then took a hack for Richburg. From there the two former took the train for Cincinnati. Rennard will stop off at that place, while Kilrain will go right through to Baltimore.

RECALLING THE PAST.

An Annual Reunion of the Twentieth Indiana Regiment—Some Interesting Facts.

On Wednesday and Thursday of next week there will be held at Valparaiso a reunion of the survivors of the Twentieth Indiana regiment. It will be an interesting event.

At the battle of Gettysburg the Twentieth Indians lost two officers and thirty enlisted men. There were nine officers and 105 enlisted men wounded. Capt. Chas. Reese, the city assessor, was one of the wounded officers, having been nearly killed by a minnie ball, which lodged in his head and remained there, until a year ago last January, when it finally dislodged itself after a period of twenty-four years. The other only surviving member of this company in this city is Mr. B. F. Tinkham, formerly a traveling salesman for G. W. Seavy. Both of them will attend the reunion.

Mr. Jacob Schell, of Mooreeville, is also a surviving member of the regiment.

The lost in the Twentieth regiment was twice as great as in any one regiment in the same brigade. The war department records say that the loss in killed and wounded in the Twentieth was the heaviest of any Indiana regiment.

A Good Appetite.

Is essential to good health; but a this season it is often lost, owing to the poverty or impurity of the blood, derangement of the digestive organs, and the weakening effect of the changing season. Hood's Sarsaparilla is a wonderful medicine for creating an appetite, toning the digestion, and giving strength to the whole system. Now is the time to take it. Be sure to get Hood's Sarsaparilla.

WORDSWORTH had a way of thanking authors of poems that were sent him, immediately, ending with this set phrase: "From the perusal of which, when I am at leisure, I promise myself great pleasure."

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

A NUREMBURG manufacturer has invented pencils in blue, black, and brown for writing on the human skin. They are for use in anatomical and chemical demonstrations.
